A PICTURE IS WORTH A THOUSAND WORDS

There is no doubt that what Earth Angels does works. The expressions on the faces in the pictures and the notes they write about the events, tells part of the story. Each second, minute and hour, the expressions and actions change on the kids and the families. The only thing we can do is give you a glimpse of what we see and how much of a difference it makes.

WORDS FROM THE FAMILIES

My family is very grateful for this fantastic excursion and for the very special attention that you gave us and caring that we had a good time. May God bless Earth Angels always for the service they give the families.
Maribel Lopez from Peru

Today was a very special day because we saw our children smiling and laughing along with the parents. Only God can send Angels to our sides to help us with what we are going through at our time of need. Earth Angels is a fantastic organization and the work they do is tremendous and from the heart. We had a great time and we learned different things on this outing to Zoo.

We had an amazing time at Butterfly World. My family & I loved it there. We would like to thank Earth Angels for such a great time in such a beautiful place! Very peaceful & so much fun! It also took our mind off a tough journey we are going through medically away from our home. God bless Earth Angels always & may God continue to work through your kind hearts.

What your donations helped us accomplish

There has been approximately 90 people that have participated at our events from January through July. The volunteers are not included in this count.

Movie & Lunch at Sunset Place created an incredible event.

Painting With A Twist went to the Ronald House and the families LOVED it. They learned how to paint on canvas. They could not stop talking about it.

Butterfly World was an amazing colorful, peaceful outing with lunch included. The families felt like they were transported to another place that was full of butterflies, birds and plants.

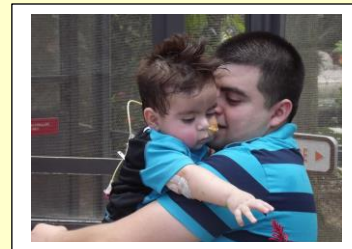

Animal/Wild Life show. The families learned about the different types of wildlife while having the opportunity to carry and pet some. The look on their eyes was incredible.

Lion Country Safari was great because the families were able to see the animals next to the bus and running free. We had lunch after and they got to feed some of the animals. They were all so happy and surprised of how close the animals were to them.

The families are very grateful that we spend time with them and helping them forget what they are going through. They really enjoy our events because we are genuine and give unconditionally, which makes them feel relaxed and able to enjoy every activity and outing.

Help us, help kids with life threatening illnesses and their families forget what they are going through. Help us make them laugh, smile and have fun, even if it is for a short period of time.

Earth Angels searches for special people to be part of our family. One of the qualities that we look for is a genuine heart, and all of you have it. We realize how lucky we are and are grateful that you are part of our family. If I missed your name above, I apologize.

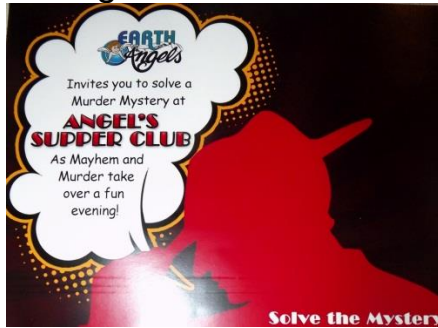

You have extended your hands to comfort a child and/or a parent. You have hugged them to let them know that you are there and that things will be OK. You have smiled and laughed to let them know that you will help them forget what they are going through and it is time to have some fun and play. The unconditional love that all of you offer shows them how much you really care. All of you have made a huge difference in lives you have touched.

Ways you can help

- Financial support
- Sponsor an outing and/or activity.
- Promote the organization to others, in hopes that we will be able to reach families that have a child with a life threatening illness that live in Miami. We would like for all of them to be able to participate in Earth Angels events.
- Promote Earth Angels to businesses that would be able to donate for the inhouse activities and/or outings.

If you know of someone or some business, please give them our information:
